

***From Marsh to Mountain***  
**SCANning South Carolina's Natural History III**  
*SCAN: The Third Decade*  
*January 1996—December 2005*

*This book may be useful to readers in several ways:*

- *If you have sites of particular interest, use the map and directions, along with the site description to plan a visit.*
- *If you have flora and fauna of particular interest, use the index to plan a visit to sites where you are likely to see them.*
- *Use the site descriptions and lists to find the flora and fauna that inhabit a particular area of the state.*
- *For SCAN members, use the book to reminisce about past trips and refresh your memory about what you saw.*

*SC Association of Naturalists  
Post Office Box 5651  
Columbia, SC 29250-5651*

*ISBN 0-9673974-1-3*
