July 2026

To our Treasured Members,

A little over 50 years ago, SCAN formed and took its first trip. To celebrate this merging of like-minded people who care deeply about nature, we will gather together at the South Carolina State Museum on July 25th for our 50th Anniversary Gala.

Our founder, leader, and mentor Rudy Mancke used to muse in the first SCAN newsletters that, while SCAN was conceived to address the need for baseline biodiversity data for South Carolina, the success of SCAN was the people, amateurs and professionals alike, coming together by the mutual interest of love of the natural world.

“As every naturalist knows, we are all a part of something bigger than ourselves. We are connected in a myriad of ways with the world of nature. SCAN, for me, pulled together many of the threads that make up the fabric of life. What could be better than that?”

-Rudy Mancke, Introduction to SCAN: The First Ten Years

To honor Rudy and SCAN, please choose to join us.

Lee Morris, President

Last Month: Belle Grove Plantation and Catawba Nation Trailways

Belle Grove Plantation

Thanks to the generosity of Jerry Bright's stepson Guy Johnson and the multiple pre-scouting trips by Scott Wietecha, we had a fantastic Director's Special at Belle Grove Plantation in Richland County, SC. Twenty SCANNers braved the excessive heat to explore the property. We walked along wide and narrow paths, visited small wetlands, circumnavigated a large pond, got lost, got found, trekked into a mostly dry cypress swamp, and tromped through fields. After a productive day of documenting species, we convened at the Tack House for an amazing barbecue buffet provided by Guy. A few additional familiar faces joined us for the socializing component of the day. We shared stories about Jerry and reminisced about fun outings.

Catawba Nation Trailways

We had a great turnout for our official June outing to Catawba Nation Trailways in York County, SC. There was a fabulous mix of new, regular, and returning faces. It was very hot and sunny. Thanks to Todd Johnston's scouting efforts, we knew where to go to stay in the shade. The trip yielded some great insects, a spectacularly large cottonwood tree, a few souvenirs from the air-conditioned gift shop at the cultural center, and some brightly colored birds. As with the Belle Grove Plantation outing, the effects of the ongoing drought in SC were apparent. As a juxtaposition, the post-trip dinner was extended to include a visit to a dessert shop as Lee Morris, Kim McManus, Todd Johnston, Ben Gregory and Tom Austin waited out a rather strong thunderstorm.

This Month: 50th Anniversary Gala

SCAN 50th Anniversary Gala
Richland County, SC
301 Gervais Street, Columbia, SC 29201
July 25, 2026 | 2:00pm – 7:30pm

On **Saturday, July 25**, the South Carolina Association of Naturalists will gather at the South Carolina State Museum to celebrate our **50th Anniversary Gala**. Whether you have been part of SCAN for many years, or recently joined the organization, we invite you to spend an afternoon and evening celebrating the people, discoveries, friendships, and shared experiences that have shaped our first fifty years.

The anniversary program will look back at SCAN's history, highlighting the data we've collected from across South Carolina, Georgia, and North Carolina.

One of the highlights of the afternoon will be a special tribute to SCAN founder Rudy Mancke. We are honored to welcome several members of Rudy's family. Rudy's brother Tom Mancke will share personal reflections on Rudy's life, his passion for teaching, and the lasting influence he has had on generations of naturalists across our state.

We are also pleased to welcome Josh Arrants as our keynote speaker. Josh is widely respected for his work as a naturalist, educator, and conservationist, and his presentation, *What It Means To Be a Naturalist: Lessons and Legacy*, promises to be both thoughtful and inspiring. His perspective on curiosity, observation, and lifelong learning reflects many of the values that have guided SCAN since its founding.

Following the anniversary program, guests will have time to explore the South Carolina State Museum, reconnect with friends, and enjoy fellowship with fellow naturalists from across the state.

The evening concludes with a custom-themed dinner by Scott Hall Catering and a complimentary open bar.

Your gala ticket includes:

- Anniversary program honoring SCAN's first 50 years
- Special remarks from Tom Mancke
- Keynote presentation by Josh Arrants
- Admission to explore the South Carolina State Museum
- Behind-the-scenes tour
- Custom-themed dinner
- Complimentary open bar
- An afternoon and evening of fellowship with naturalists from across South Carolina

This celebration is more than an anniversary. It is an opportunity to recognize the legacy built by those who came before us, honor the people who continue that work today, and help launch SCAN's next fifty years.

- We hope you will join us for this memorable occasion.

Lopseed
Phryma leptostachya
American Pokeweed
Phytolacca americana
Shortleaf Pine
Pinus echinata
Loblolly Pine
Pinus taeda
Virginia Pine
Pinus virginiana
American Plantain
Plantago rugelii
American Sycamore
Platanus occidentalis
Mayapple
Podophyllum peltatum
Christmas Fern
Polystichum acrostichoides
Swamp Cottonwood
Populus heterophylla
Mock Strawberry
Potentilla indica
Common Selfheal
Prunella vulgaris
Black Cherry
Prunus serotina
Mock Bishopsweed
Ptilimnium capillaceum
White Oak
Quercus alba
Scarlet Oak
Quercus coccinea
Southern Red Oak
Quercus falcata
Laurel Oak
Quercus laurifolia
Blackjack Oak
Quercus marilandica
Swamp Chestnut Oak
Quercus michauxii
Water Oak
Quercus nigra
Cherrybark Oak
Quercus pagoda
Willow Oak
Quercus phellos
Post Oak
Quercus stellata
Black Oak
Quercus velutina
Rough-fruited buttercup
Ranunculus muricatus
Piedmont Azalea
Rhododendron canescens
Black Locust
Robinia pseudoacacia
Multiflora Rose
Rosa multiflora
Sawtooth Blackberry
Rubus argutus
Curly Dock
Rumex crispus

Common Rose Pink
Sabatia angularis
Lyreleaf Sage
Salvia lyrata
American Black Elderberry
Sambucus canadensis
Canadian Blacksnakeroot
Sanicula canadensis
Sassafras
Sassafras albidum
Cutleaf Grapefern
Sceptridium dissectum
Helmetflower
Scutellaria integrifolia
button-rosy
Senega curtissii
Cuban Jute
Sida rhombifolia
Buckthorn Bully
Sideroxylon lycioides
Blue Pigroot
Sisyrinchium micranthum
Sawtooth Greenbrier
Smilax bona-nox
Cat Greenbrier
Smilax glauca
Roundleaf Greenbrier
Smilax rotundifolia
Lanceleaf Greenbrier
Smilax smallii
Bristly Greenbrier
Smilax tamnoides
Carolina Horsenettle
Solanum carolinense
Tall Goldenrod
Solidago altissima
Sowthistle
Sonchus asper
Johnson Grass
Sorghum halepense
Pink Fuzzybean
Strophostyles umbellata
American germander
Teucrium canadense
Poison-Ivy
Toxicodendron radicans
Virginia spiderwort
Tradescantia virginiana
Purpletop Tridens
Tridens flavus
White Clover
Trifolium repens
Common Cattail
Typha latifolia
Winged Elm
Ulmus alata
American Elm
Ulmus americana
Slippery Elm
Ulmus rubra
Spreading Bellwort
Uvularia sessilifolia

Sparkleberry
Vaccinium arboreum
Southern Dwarf Blueberry
Vaccinium tenellum
Great Mullein
Verbascum thapsus
Brazilian Vervain
Verbena brasiliensis
Wingstem Crownbeard
Verbesina alternifolia
Yellow Crownbeard
Verbesina occidentalis
Common Blue Violet
Viola sororia
Summer Grape
Vitis aestivalis
Muscadine
Vitis rotundifolia
American Wisteria
Wisteria frutescens
Chinese Wisteria
Wisteria sinensis
Adam's Needle
Yucca filamentosa
Flat Sedge
Cyperus sp.
Tick-Trefoil
Desmodium sp.
Barnyard Grass
Echinochloa sp.
Cleaver
Galium sp.
Nutrush
Scleria sp.
Hedgenettle
Stachys sp.
North American Aster
Symphotrichum sp.

FAUNA
Great Blue Heron
Ardea herodias
Tufted Titmouse
Baeolophus bicolor
Red-shouldered Hawk
Buteo lineatus
Northern Cardinal
Cardinalis cardinalis
